23 July 1985MEMORANDUM FOR: Robert M. Gates
Chairman, National Intelligence CouncilTHROUGH: *[Signature]* David B. Low
Acting National Intelligence Officer at LargeFROM:
Assistant National Intelligence Officer at Large

SUBJECT: Proposed Travel to California

1. This is to request your approval for a trip to California during August. The major reason for the trip is an invitation to give an address on nuclear proliferation at a San Francisco meeting I would at the same time visit the Lawrence Livermore National Laboratory to discuss their possible contribution to an upcoming SNIE and to discuss proliferation issues, generally.

2. The trip would take place during the week of August 19, and would probably require four days.
